Downfall of the Village.

CHAPEL HILL, Jan. 6, 1873. My DEAR JOURNAL :- Students the University, in her palmy days, find now many things to mar the pleasure of a return to their Alma Mater. In the first place, it is no easy matter to get here, under the most favorable circumstances. If the weather happens to be bad, and it not unfrequently so happens, the trip becomes quite a serious undertaking for those who have grown more circumspect about the rheumatism and aches and pains generally, and jolts and rough roads and hard swearing, than they were som twenty years ago. Then a trip to Chapel Hill was nothing; now, alas that it should be so, it is quite a serious matter. The regular mode o communication between this place and the outside world is carried on in fair weather by means of a small one-horse wagon, in which the mail and packages of freight, light in weight and small in

Carolina Railroad. We left Raleigh on the freight train and, fearing we might fail to connect with the mail wagon, we telegraphed to Durham's fer transportation. On our arrival we found that, in accordsuce with the custom in bad weather. the mail was being carried on horse back, and that the carrier had left with several hours previous. It was fall and destruction of the University enough to try the patience of even good-tempered man to recall the good old times when a comfortable conveyance would have been ready for us as we stepped from the train.

But the worst is not over even after Radical party has entailed no injury one has arrived and is safely housed at upon the people of North Carolina as Chapel Hill. The village and the University Buildings and grounds are all in such a complete state of ruin and i CAPU FEAR ASHECULTURAL AS- decay that it keeps one constantly going Professor Kimberly. CHAPEL HILL, January, 7th, 1873. My Dear Journal:-As a consequence of the diminution in the popuation of this village, the stores that made the students trade a specialty soon closed, leaving the business of the town in the hands of those merchants who had looked more especially after the country trade. There are now only three dry goods stores open here and one drug store. There are seven other large ones and several smaller ones that then were also needed to do the business of the place that are now shut up and without a tenant, and that too on Main street between the old

From the Raleigh News. Superintendent of Public Instruction-Acceptance of Mr. Battle. It will be seen from the correspondence below, that Gov. Caldwell has appointed Hon. Kemp P. Battle, Superintendent of Public Instruction. which position has been accepted by

that gentleman. The correspondence speaks for itself RALEIGH, Jan. 14th, 1873.

KEMP P. BATTLE, Eso,: Dear Sir-The office of Superintendent of Public Instruction having befill the vacancy. This is an office of great importance to the people of both races, and the success or failure of our commor schools is largely dependent upon the qualifications and fitness of the Superintendent of Public Instruction. After maturely considering the matter in all its aspects, I have determined to tender the office to you. From a Mr. E. M. Holt, and some cotton was long acquaintance, I believe you possess, in an eminent degree, all the qualitie schools a success, and that your appointment will give general, if not unipersuaded that your freedom from a city-ahem-like Goldsboro political prejudice and tolerance will -ah-we have circuses. and manifest as much zeal in behalf of the education and moral culture of one finds
